## TAWNY CASK

To create the limited-edition Tawny cask expression, Starward matured its signature single malt whisky in Tawny fortified wine barrels. Each barrel was a smaller 100L octave size which provides an extra full-bodied taste. Starward wanted a balance of character so opted for fresh Tawny barrels from Yalumba for vibrant fruity flavours, then charred Tawny barrels from SA Cooperage to add toasty oak complexity. With notes of raisin, brown sugar, fig and dried orange, it's the ultimate whisky for Christmas time.

“With some of the world’s best expressions of Tawny coming from within a days’ drive of the Starward Distillery and the anticipation of Starward Project releases, we are excited to be adding the limited-edition Tawny cask to the Starward portfolio,” Sam concludes.

### TASTING NOTES
